V BAR RANCH HEREFORD MATURE COW DISPERSION

V Bar Ranch
Rt. 1, Box 106 • Stanton, TX 79782
Phone 915/458-3370

Dear Friends,

It is with much regret that we find it necessary to sell our mature cow herd. We have lost the lease on a portion of our land, and the decision to sell was made solely because of the lack of room on the ranch for the numbers we currently have.

We are going to continue in the registered Hereford business, and therefore, are going to keep all of our 1978 and younger females. We feel blessed to be associated with the fine people in the Hereford industry, and with this set of heifers that we are keeping, we will be able to continue to be a part of the industry.

We have been well pleased over the years with the results of our breeding program, and it is our wish that the cattle from this cow herd dispersion will produce a significant result for their buyers. We feel that this is an opportunity for you to select foundation females from reputation Hereford families, selected and vigorously culled over the years for high performance in all traits.

We look forward to seeing you on December 12. If there is anything that we at the ranch can do to assist you before or during the sale, please don't hesitate to call on us.

Sincerely,

Mary Sale

PLACES TO CUT, MAKIN' MILLIONS INTO BILLIONS...

MOVING? Please use form inside paper and give full information. Mailing list is run on Friday for following week.

Once upon a time a congressman who was watchin' th' feller members redistribute th' wealth by throwin' our tax money to the four winds opined, "you know a billion here and a billion there soon runs into real money." Some of th' ridiculous ways our Burrocrats throw this money around offer th' new Reagan Administration some easy and sensible ways to save some of this real money with th' greatest of ease. For instance, there are literally millions of dollars wasted in payin' special interest groups and people to appear at hearings in th' various departments. This means a free, expenses paid trip to Washington, and it has been noteworthy that most of these witnesses who get their trip paid for are favorable to th' project that these particular Burrocrats are tryin' to get (CONT. Feedlot Trade Opens

Steady, .50 Higher

Amarillo, Nov. 24 (F-S) - Trade moderate in the Panhandle area Monday. Slaughter steers and heifers firm to 60 higher. Steers 4,000; good and mostly choice 2-5, 70-85¢ choice, 1050-1175 lb. 85.50-87.50, bulk 87.00. U.S. carlot beef trade includes the major production areas in the Midwest and (CONT. ON PAGE 19)

Higher Prices for Crops, Livestock Are Predicted, Big Export Markets Seen, Higher Cost of Production

HY TED GOULDY. As the year 1980 winds down it is a time for Christmas and New Year's celebrations but along with all of this come the inevitable predictions as to what the new year of 1981 holds for agribusiness, farmers and ranchers and consumers. Most of the "guesstimates" at this date appear to be bullish where livestock and agriculture are concerned.

Predictions of new all time record exports of farm products are coming from USDA and most other forecasters. Higher supplies of feed grains and other grains and ingredients are seen as certain to push these prices upward in the months ahead. Eastern European and Soviet shortfalls in this year's crops portend increased American exports in those areas and worldwide demand for feed and food seem assured to increase foreign markets for U.S. products.

As this lame duck Congressional session winds down it appears Congress and the Administration have decided to leave the hot potato of the Russian embargo for President-Elect Reagan to solve. During the campaign he had harsh criticism for the embargo and insofar as grains are concerned it appears likely to be amended or called off as quickly as is expedient.

Higher feeding costs appear certain for meat, milk and poultry producers and on the basis of the numbers livestock producers can expect higher prices in the year ahead. Dr. Ed Uvack, livestock marketing economist with the Texas Agricultural Extension service puts it this way: "Livestock prices should show solid increases next year due to lower total meat production and improved consumer demand." "Retail demand for all meat products (CONT. ON PAGE 25)

U.S. Ag Exports Projected \$48.5 Billion in 1981

In fiscal year 1981, exports of U.S. farm products are expected to increase about 20 percent from last year's \$40.5 billion, resulting in the 12th consecutive year of record export values. Agricultural imports are also expected (CONT. ON PAGE 2)

Fed Cattle Sharply Higher Monday at Central Markets, Hogs Also Advanced

Around the terminal markets on Monday fed steers and heifers advanced sharply with gains of \$1 to \$2 and more at various markets. Hog prices also advanced most markets showing 25-75¢ improvement. Market supplies were only slightly lower and the opening carcass markets showed little change. Cows and bulls were also higher. Price trends, quotations on choice and prime fed steers and heifers and the mixed good and choice grades and good and choice Holstein steers, and U.S. 1-8 hogs selling mostly from 200 to 270 pounds included.

OMAHA fed cattle \$1 to \$2 higher. Steers \$82 to \$86.50 and \$83.50 to \$84.75. Holsteins \$60 to \$61. Heifers \$59 to \$64 and \$62.50. Hogs 25-50¢ up at \$46 to \$47. SIOUX CITY fed cattle \$1.50 to \$2 higher, spots \$2 and \$3 up. Steers \$63 to \$65.50 and \$63 to \$64. Heifers \$61.50 to \$63.50 and \$60 to \$62. Hogs 75¢ higher at \$46 to \$47.

ST. PAUL fed cattle steady to 50¢ higher, or \$1 to \$2 above last Thursday. Fed steers \$83 to \$86.50 and \$83.50 to \$84.50. Holsteins \$55 to \$60. Heifers \$61 to \$62.50 and \$61 to \$62. Hogs steady to 50¢ higher at \$46 to \$48. SIOUX FALLS fed steers 50¢ to \$1 higher, heifers \$1 up. Steers \$61 to \$65.50 and \$62.50 to \$64.50. Heifers \$61 to \$63.25 and \$60.50 to \$61.50. Hogs 75¢ to \$1 higher at \$44.75 to \$46.50.

JOLIET steers \$1.50 to \$2 higher, heifers \$2 up. Steers \$85.25 to \$87.25 on choice and prime grades. Choice and prime heifers \$84 to \$85.50. Hogs steady at \$44.25 to \$47.50. PEORIA steers \$1.50 to \$2 higher and heifers \$2 to \$3 up. Steers \$60 to \$67 and \$64.50 to \$65.50. Heifers \$61 to \$65.25 and \$61 to \$63.50. Hogs steady at \$44 to \$47.

ST. LOUIS compared to last Tuesday fed cattle were \$1 to \$1.50 higher. Steers \$64.50 to \$66.50 and \$63 to \$65. Holsteins \$57 to \$59.50. Heifers \$62 to \$63.75 and \$61 to \$62.50. Hogs 50¢ higher at \$45 to \$46.50. ST. JOSEPH was \$1 to \$2 over last Monday. Choice steers \$63.50 to \$66.50 and choice heifers \$60 to \$63.70. Hogs 50¢ higher at \$44.75 to \$46.50.

U.S. Ag Exports Projected \$48.5 Billion in 1981
(CONT. FROM PAGE 1)

to set a record at \$18.5 billion, leaving the agricultural trade surplus at \$39 billion — \$7 billion larger than in fiscal 1980. Export volume is forecast at a record 170 million tons in fiscal 1981, up from 164 million last year. Feed grain shipments are expected to increase about 3 million tons to 74 million, while wheat shipments could rise 4 million tons to more than 41 million. Small gains are forecast for rice exports. Export volume may decline for soybeans, cotton, tobacco, and vegetable oil.

U.S. export volume and value this year will be shaped primarily by the following: 1) the drought-reduced U.S. harvest of feed grains, oilseeds, and cotton; 2) reduced wheat production and export prospects in Australia and Argentina; 3) a second consecutive year of poor grain crops in the Soviet Union; 4) a decline in Chinese grain production and a substantial increase in total Chinese imports; 5) continued slow economic recovery in the major developed markets; 6) a sharp deterioration in the current trade accounts of most developing countries; and 7) slower growth in foreign livestock production.

Banks Lose House Vote, Vow Fight

with interstate government-sponsored banking entity directly against all banks," said Gunderson, who is also President of the Bank of Oskosh, Wisconsin.

"The most devastating impact of this unfair competition from the Farm Credit System will fall on small banks," he said.

The House of Representatives defeated two amendments to the bill which were actively supported by the ABA. Rep. James M. Jaffar, R-VT, of Iowa an amendment to strike language in the bill establishing eligibility standards for private lenders to borrow from the Farm Credit System.

Rep. Margaret M. Heckler, R-MA, offered an amendment which would have removed provisions in the bill authorizing Banks for Cooperatives to provide financing.

"I pledge that the American Bankers Association will use every means at its disposal to ensure that all banks will be granted access to the discounting facilities of the Federal Intermediate Credit Banks," Gunderson said.

"The Farm Credit Act Amendments, in the form in which they were approved by the House of Representatives Wednesday, arbitrarily block some 12,500 banks — including some 10,000 small banks with under \$100 million in assets — from those discounting facilities," he said.

"This bill confirms in legislation the blatant discrimination that the Farm Credit System has practiced through regulatory limits on access to FICB discounting," Gunderson said. Under existing law, all banks have had the right to FICB discounting, although the right in the most part has been denied under Farm Credit System rules.

"The ABA will work with the 2,600 banks which, according to the Farm Credit System's vague assurances, would have access to FICB discounting, to make certain those promises become fact," he said.

Another of the "Big Leaks" is in failure of the Govmint to collect the billions of dollars owed 'em. It seems Congress has never got around to passing a law which would let the Burrocrats take out after dead beats, or even investigate the credentials of those seeking money from HUD, the Small Business Administration or other Govmint guaranteed loans.

Congress can fix this leak in short order. And, the fact that some of these dead beats have been to the well time after time don't seem to bother anybody up to now. There's billions to be collected and saved in this matter alone.

Just the other day some of the Burrocrats discovered that there was some \$18 million layin' around in the Community Services Administration's vaults, which had been earmarked to help poor folks pay soaring heating bills last winter. Some of the lawyers in that Burrocratic Haven, who will soon be

unemployed, figured a good way to redistribute this wealth was to make it available for "public interest" groups. One of the largest bean lawyers who push these so-called public interest matters, this was in a way perhaps some insurance for these guys. They convinced a federal judge, who later said he was duped by them, to turn this money loose, not to pay heating bills, but for Public Interest pushers. Interestingly enough, they have another \$87 million in this same kitty, and have their necks bowed to publish invitations to those interested, includin' the Public Interest Boys & Girls, to grab it before them tightwad Republicans get their hands on it.

This is another area where Congress wrote the laws so loosely and vaguely that these ripoffs are virtually unstopable. Another juicy area in which "scientific research" that is funded by the Burrocrats. It seems when the Burrocrats get hot on the trail of something like nitrites, DES, saccharin, fat meat or sundry medications of one kind or another, they simply order a scientific study at great cost and the only stipula-

tion in too many cases is that the researchers must come up with the answers the Burrocrats want to hear. There's at least \$20 to \$30 billion of this kind of Govmint waste and if Reagan & Co. want to make a real showin' here's a good place to do it quickly.

Ever thine, The Edittor.

P.S.: Uncle Dunk says there are a lot of amusing stories about the Election goin' around and he likes the one about the fellow who considered himself a natural born Democrat and while he was luke warm over the ticket, still intended to vote for Carter. However, when Ronald Reagan got teed off at that heckler and turned around and told him to "Shut UP!" this guy says he voted for Reagan, anybody that will tell one of them braying jackasses to shut up was his kind of man! Dunk figures you can count John Connally out of that Senate job. He'd have to run for that office in about 90 days and he just got through with a very expensive political race, which ain't all paid for yet. Have you noticed that this Lame Duck Congress is tryin' to slip through one more

Small Royalty Owners Get Some Relief

Washington — Conferees from the House and Senate on Friday approved legislation co-authored by Sen. Lloyd Bentsen that will provide relief to small royalty owners hit hard by the so-called "windfall profit" tax.

Bentsen, who last summer presided over a hearing in Austin attended by 3,500 Texas royalty owners protesting the tax, said "I'm optimistic that we've cleared the last big hurdle to enactment of this important legislation."

The Bentsen bill amends the Crude Oil Windfall Profit Tax Act to permit royalty owners, when they file their 1980 income tax returns, to apply for a "windfall profit" tax refund for credit of up to \$1,000.

The provision was included in the Senate version of the Budget Reconciliation bill but was not in the House version of the measure. House conferees on that bill agreed to accept the "windfall" tax refund provision Friday afternoon, shortly before the conferees completed work on the bill.

The legislation now goes back to both Houses of Congress for final approval before being sent to the White House. The President is expected to sign the measure, since Secretary of Energy Charles Duncan, at a joint press conference with Senator Bentsen in Houston several weeks ago, announced administration support for it.

If you don't know where you're going, you may miss it when you get there.

V Bar Hereford Ranch Mature Cow Dispersion Dec. 12 at Stanton

Stanton, Texas — Mrs. Bob Sale, owner, and Bruce Brandenberger, manager, will host the V Bar Ranch's mature Hereford cow dispersion on Friday, Dec. 12, with lunch served at 11:30 a.m. and the sale beginning at 12:30 p.m. at the ranch five miles west of Stanton on Interstate 50, then 11 miles north on FM Road 80 to the ranch sign. Stanley E. Stout, Linwood, Kan., will be the auctioneer.

Selling will be 134 lots including 73 pairs with the calves predominantly sired by HH Advance A482 and CL 1 Domino 860. All cows selling will be three to seven years of age. Principal sires of the cows were CL 1 Domino 860, HH Advance A143, Granite V Bar Rock, and two sons of DH Beau Mark Dhu 326.

Since V Bar Ranch will continue in business by keeping the two-year-old and younger heifers, the ranch will guarantee all cows in this sale to be breeders.

Brandenberger said, "It is with much regret that we find it necessary to sell our mature cow herd. We have lost the lease on a portion of our land, and the decision to sell was made solely because of the lack of room on the ranch for the numbers we currently have."

"We are going to continue in the registered Hereford business, and therefore, are going to keep all of our 1978 and younger females. We feel blessed to be associated with the fine people in the Hereford industry, and with this set of

National Pinzgauer Sale Dates Set

Wharton, Texas — The Southwestern Pinzgauer Association has made final arrangements with John Joyce, World Sales, to manage three upcoming National Pinzgauer Sales. The first sale is the National Sale to be held in Denver, Colorado on January 28, 1981 during the Nation Western Show. The second sale will be the National Pinzgauer sale held in Shreveport, La. on Feb. 8, 1981 during the Louisiana State Fair and the third sale is the National Pinzgauer Sale held in Houston, Texas on February 27, 1981 during the Houston Livestock Show and Rodeo.

Nomination forms for these three sales will be mailed to prospective consignors by October 15, 1980. Consignments will be selected by a screening committee and only animals of the highest quality will be accepted.

For further information regarding these three sales you can contact Gary Arnold (812) 1 Box 126, Jefferson, Texas, W. J. Sparks, III (Box 2058, Victoria, Texas) or John Joyce, World Sales (Rt. 2 Box 232, Wharton, Texas 77488) or you can call AG 713/687-3212.

"This test should provide some interesting information on Pinzgauers and how they compare with other steers in the area of rate of gain, feed conversion and cost of gain, grade and yield, and the bottom line — their profitability," Kellert said.

Pinzgauers Have Busy Show, Sale Season Scheduled in 1981

Pinzgauer people have a busy show and sale season planned for early 1981.

The American Pinzgauer Association's national show and sale will be held Jan. 23, 1980, at the National Western Livestock Show in Denver.

A Southwest Pinzgauer show and sale will be held at the Mid-Winter Livestock Expo in Shreveport, La. on Feb. 7.

And another show and sale will be held at the Houston Livestock Show & Rodeo on Feb. 23.

For further information or to make consignments to these shows and sales contact Dr. Dan Scott, President of American Pinzgauer Association, Route 1, Box 33, Murchison, Texas, phone 214/351-1469; or W. J. Sparks III, president of Southwest Pinzgauer Association, Box 2058, Victoria, Texas 77901, phone 512/573-3236 or 578-1144.

Hides & Offal

Greene, Nov. 20 (USDA) — The value of hide and offal from the average 1,000 lb slaughter steer for the week ending November 21, 1980, was estimated at \$7.32 per 100 lb live weight compared with \$7.22 the previous week and \$7.80 a year ago.

Angus Breeders Elect Myron Woolever Pres Of Assn. for 1981

Myron Woolever, a registered Angus breeder from Unionville, Mo., was elected president of the American Angus Association Nov. 17, at the 97th Annual Meeting of Delegates, in Louisville, Kentucky. Woolever, who replaced Dave Pingrey, retiring president from Banton, Miss. The 279 delegates to the meeting, who were nominated and elected by the active life and regular members of the American Angus Association, elected Charles Canon, Flemingsburg, Ky., as vice president, and elected five members to the Association board of directors. The board members include one new member, Joe E. Neely of Franklin, Ky.

77 Ranch Angus Performance Tested Bull Sale Nov. 29

Jim Reeves, right, and Dean Hancock. Reeves has resigned as secretary-fieldman of Texas Angus Association to become manager of Hancock's Dee Bar H Angus Ranch near Decatur.

Jim Reeves Resigns Texas Angus Position, To Manage Ranch

Jim Reeves, Secretary-Fieldman for the Texas Angus Association the past four years, resigned effective Dec. 1, to become manager of the Dee Bar H Angus Ranch at Decatur, owned by Dean and Barbara Hancock.

Hancock and Reeves are putting together a herd of 40-60 head of Western Canadian Angus, and will specialize strictly in Western Canadian breeding to offer people of this area an opportunity to obtain Western Canadian bred cattle.

Reeves said he would remain part-time with the Texas Angus Association to assist with a smooth transition to the next secretary-fieldman, and he and

Wichita Falls — George Graham, owner, and Louis Hartman-gruber, manager, will host the Seventy Seven Ranch's 20th annual performance tested Angus bull sale on Saturday, Nov. 29, beginning at 12:30 p.m. at the ranch near Wichita Falls. Phil Ljungdahl of Dodge City, Kan., will manage and Ray Sims and John Brandon will be auctioneers for the sale.

Selling in the very comfortable, heated sale barn will be 100 big rugged performance tested bulls, everyone of which is ready for service.

Graham said, "for 30 years we have been developing a cow herd of top performance females. There are more than 600 cows that have been selected for outstanding weaning weights and performance, sired by top performing bulls we had produced or purchased, or from A. I. use. Only these top producers are a part of the 77 Ranch herd today. These cows are the mothers of the bulls that sell."

Pedigrees of the bulls carry "Big George," Chloeman, Postelmere, Aristocrat, Edictor, Marshall, Rito, Emulous and other leading Angus names. All the bulls are fertility tested and ready for service.

R-Nol-D Farms Angus Dispersion Dec. 5 At Brenham Fairgrounds

Brenham, Texas — Complete dispersion of the R-Nol-D Farms Angus will be held beginning at 12 noon, December 5, at the County Fairgrounds in Brenham.

Selling will be 158 lots of large, roomy, basically Emulous-bred cattle high in fertility and production. Performance data will be presented on all animals.

R-Nol-D Farms plans to provide "fun for everyone" with a football party the night before the sale featuring Houston vs. Pittsburgh on a giant video screen.

The R-Nol-D farms sale is co-sponsored by Texas Angus Association, 233 North Judkins, Fort Worth, Texas 76111, phone 817/831-2841. Sale management is by O'Bryan Sales Service, Pat and Norma O'Bryan, Route 2, Angus Lane, Tuttle, Oklahoma 73089, phones 405/392-4314 or 4317. If no answer, call 800/824-7888, ext. M2688.

Jim Reeves Resigns Texas Angus Position, To Manage Ranch

(CONT. FROM PAGE 11)

Hancock plan to be active in the association in the future, as well as all phases of the Angus business.

Hancock's Dee Bar H Angus Ranch now consists of 472 acres near Decatur in Wise County, but some 2,000 acres of land nearby may be available for expansion in the future, Hancock said.

Reeves duties will also include in addition to managing the ranch, working in the agriculture chemical division of Hancock Industries, Inc., an industrial and agricultural chemicals firm at 7144 Burns Street in Richland Hills, also owned by Dean and Barbara Hancock. Reeves was born and raised at Hurst and went to college at Texas A&M University, and did post-graduate work at Tarleton State University at Stephenville. He taught vocational agriculture six years before joining the Texas Angus Association four years ago as secretary-fieldman. He also has worked part-time with the Cattlemen Magazine in Fort Worth.

Reeves is married to the former Micah James. The couple have daughters Kelly, 11, and Lexie, 9, and son Jesse, 6. They plan to move from their home in Grapevine to the Dee Bar H Ranch in the next few days.

The ranch plans to institute an embryo transfer program.

Hancock recently purchased one-third interest in a full brother to "Cracker Jack," one of the hottest bulls in the Angus industry at the present. A 3-month-old son of the Cracker Jack bull recently sold for \$250,000 in the Erdmann Angus Ranch sale at Wetolka, 8. Dak. Hancock's bull, Po Jack, is 16 months old and will be collected for semen sales in the coming breeding season.

Dee Bar H Angus Ranch plans to enter Angus shows at Fort Worth, San Antonio and Houston during the coming show season, possibly entering some of the five head recently purchased in the Super Star Sale in Calgary, Alta., Canada.

"We're going to specialize in big-framed cattle that we believe will offer an opportunity for improving the breed in this area," Reeves and Hancock said.

R&J Duchess 1239 earned grand champion female honors at the 1981 National Angus Show, held in conjunction with the North American International Livestock Exposition in Louisville, Kentucky. She earlier stood as junior champ, and is owned by R&J Ranch, Briggs, Texas; Gallagher's Angus Farm, Ghent, New York; Empire Angus, Pleasant Hill, Missouri; and Picket Fence Farm, Graylake, Illinois. Show judge was Jake White, Panama, Oklahoma.

R&J Duchess 740 was named reserve junior heifer calf champion of the 1981 National Angus Show, featured in conjunction with the North American International Livestock Exposition in Louisville, Kentucky. She's owned by R&J Ranch, Briggs, Texas.

"New" Texas Angus Futurity, Show & Sale Feb. 2, Fort Worth

Fort Worth—In 1981, the "New" Texas Angus Futurity show and sale will be held Monday, Feb. 2, 1981, the futurity show at 8 a.m. in Barn 8 and the sale at 10 a.m. in Barn 6, at the Southwestern Exposition and Fair Stock Show in Fort Worth. The Angus open show will be at 11 a.m. in Barn 8.

Selling will be animals owned by active members of the Texas Angus Association or the Texas Junior Angus Association. Non-members may have their state dues deducted from their sale proceeds, however.

Show classes will consist of bulls born after Jan. 1, 1978, and heifers born after Jan. 1, 1979. Individual classes will be made up and divided after the cattle are checked in, and will be judged from the youngest to oldest with females judged first.

Premiums will consist of a minimum of \$7,500 total, with the champion bull and female each receiving \$1,000 and the reserve champions \$500 each. The remaining premium money will be distributed among the placing cattle.

Advertising is being sold in the Futurity catalog to enhance premium money. Any breeder knowing of local businesses who might support the effort by advertising can contact Wendell Barry, Box 408, Chico, Texas 76800, phone 817/644-2404. Consignments to the 817/644-2404. Cowtown Classic Shorthorn Sale Feb. 1 Top Breed Event

Fort Worth — Plans are being made

by the sponsoring Texas Shorthorn Association for the 2nd annual Cowtown Classic Shorthorn sale at the Southwestern Exposition and Fair Stock Show here Feb. 1 to be one of the featured Shorthorn events in the nation

in 1981, according to Obe Lionberger of Weather, chairman of the sale committee and sale manager.

Lionberger expects 40 to 60 head of registered Shorthorn cattle of show quality and all under two years of age for the sale in the arena at 3 p.m. Feb. 1. The sale cattle will have been in a pre-sale show earlier at 1 p.m. that afternoon.

Lionberger said many of the top Shorthorn breeders throughout the nation have indicated interest in consigning cattle to the sale.

"We will have some of the breed's top bloodlines and pedigree represented providing a good selection of cattle with which registered breeders can improve their herds, but there will also be a selection of top bulls for commercial herds," he said.

"Shorthorns are noted as being the breed which has provided the base for more than 50 other distinct breeds throughout the world — more than any other breed of cattle. For this reason, and because of the hybrid vigor and extra milking ability of the Shorthorn, cross mother cows, the bulls are ideal for producing crosses with other breeds that will be easy calvers, but will grow out to be heavy weaners and yearlings," he said.

Lionberger, immediate past president of Texas Shorthorn Association, said one of his bulls that will be in the sale weighed more than 600 pounds at weaning, more than 1,000 as a yearling, and now weighs more than 1,600 pounds as a two-year-old.

Consignments to the sale are open to all Shorthorn breeders across the nation, not just members of the Texas

Shorthorn Assn. Cattle for the sale will be selected during the morning prior to the sale from those nominated.

He said all sale cattle must also be consigned to the open Shorthorn Show which will be held on the morning of Feb. 2, the next day after the sale, but do not necessarily have to compete in the show. Buyers will be free to go ahead and take their purchases home after the sale.

For further information, or to consign top quality cattle to the sale, contact: Obe Lionberger, Sale Manager, Route 5, Box 289, Weatherford, Texas 76086, phone 817/682-4973.

Lisa McAnear, left, of Glendon, Texas, National Shorthorn Lassie Queen, and Oklahoma Shorthorn Lassie Queen Kim Maddox manned the Shorthorn promotion booth at the recent Kahoa's Shorthorn Dispersal at Weatherford, Okla. Kim, a daughter of Kenneth and Beverly Maddox of Paden, Okla., was crowned Lassie Queen during the Junior Shorthorn Show at Oklahoma City in September. She has shown Shorthorns for three years and won several champion and showmanship awards.

Panhandle Directs

Amarillo, Nov. 21 (F-S) — Slaughter steers steady to 50 lower, slaughter heifers steady to 25 lower. Both classes were sharply lower early in the week but turned sharply higher again on Thursday on a liberal volume. Week's volume below normal for this time of year but due to extremely slow, dull carcass beef trade early in the week, packers were reluctant to purchase many cattle ahead. Feeder cattle throughout the area are fairly current and average weights should start dropping soon. Heavy snow over the past weekend caused some problems in feeding cattle and transportation in the South Plains area. There were some cattle death losses but numbers were not as drastic as had been expected. Steers 31.00; good and mostly choice 2-3, 70-85% good, 1000-1200 lb 65.50-67.00, lot 66.00-67.00. Mixed good and choice 2-3 975-1200 lb 64.50-66.00. Heifers 10.00; good and mostly choice 2-3 900-1000 lb 64.00-65.00. Mixed good and choice 2-3 875-1050 lb 63.00-64.00.

Feeders Mostly Steady At Oklahoma City

Oklahoma City, Nov. 24 (USDA) — Receipts 2,200. "Preferred stock."

Packer-buyer survey finds unanimous acceptance of Simmental crossbreds!

Miller Research Service, an independent agricultural research firm, interviewed meatpacker-buyers in Texas, Nebraska, Iowa and Minnesota.

The results were unanimous. Buyers described Simmental crossbreds and similar large feeder cattle as "the only way to go," "superior slaughter animals," "bigger ribeyes, less waste fat, and the same good marbling."

Here's the evidence...

USDA carcass data on nearly 5,000 Simmental-sired feeders has been gathered nationwide, and compiled in the 1979 National Simmental Sire Summary.

The feeders averaged 2.61 Yield Grade, with Quality Grade of Choice minus. Even the lowest-scoring group of these feeders graded Choice minus, with 3.06 Yield Grade!

Packers prefer Simmental crossbreds. Shouldn't you?

You need. We heed.

If you need a mama cow that'll
wean a heavy calf, breed back
every year for more years than
most, then you need BEEFMASTER.

If you need a bull that'll throw an
easy calving calf, that'll wean off
more pounds per day of age, then
you need BEEFMASTER.

should be much improved in 1981," contends Uvack. "Economic recovery in the business segment should help considerably. Somewhat reduced inflation will also be helpful although that may focus attention on the inevitable higher meat prices. That, in itself, could stimulate consumer resistance or, even worse, might lead to government price controls."

While the new year should be a boon for some segments of the livestock industry, not all will share equally in the prosperity. Cow-calf operators should fare well in 1981, but meat packers, stocker operators and feedlots may find the going a little tough, predicts the economist.

There are some serious clouds in the sky. Energy prices are sure to soar. The present glut of oil seems sure to subside in the near future. Already petroleum processors are dipping into the spot oil market and paying prices in the \$40 range, this to enable them to hold on to reserves now in hand and not draw down on these stocks until the OPEC situation clears. The Iraq-Iranian war has cut exports by 2.5 million barrels per day. Already OPEC countries are adding \$2 to as much as \$5.50 per barrel premiums. Conservative estimates show that the world will need 27 billion barrels of OPEC oil next year and projections indicate only 24 billion will be produced. Oil executives predict "big trouble" ahead, since the world has lost 9 million barrels per day since the Iranian revolution and the Iraq-Iranian war.

Glowing predictions as to farm equipment sales are being predicted. USDA's Farm Income points out that improving farm prices should enable farmers to replace old equipment, which in many cases is overage and reaching the end of its useful life. Last year combine sales were off 14%, baler sales down 30% and forage harvester sales down 13%. Prices of equipment are certain to be higher and with the recent rise in interest rates there are bound to be problems ahead as farmers shop carefully and obtain needed financing.

Many farmers are finding increased equipment alternatives from Japanese and European manufacturers. U.S. tractor imports have climbed from about 13,700 in 1970 to over 47,300 in 1979. They represented a mere 8 percent of U.S. tractor purchases in 1970, but in the first 8 months of 1980 more than half of all tractors sold in this country were made somewhere else.

Whether expected higher prices will offset climbing costs of operation poses one of the questions to which no one has an answer. Inflation appears to be firmly added to all segments of the

Beefalo Bulls Entered in Cooke Test

Tom Martin and Jack Campbell have entered 5 Beefalo bull calves in the Cooke County College Beef Test Gain Program in Gainesville, Texas. The test began November 1, 1980 and will have a 21 day adjustment period. The program will run for 140 days.

The Southwestern Beefalo Association will attempt to get enough bulls to make a full pen in future tests. Anyone interested in participating should contact Tom Martin, President, Southwestern Beefalo Association, 1320 Cheyenne Drive, Richardson, Texas 75080, 214/231-1511.

economy and the agricultural sector is caught in this trap as well as everyone else. Sound management will be essential for successful operations.

Weather, as always, will be a most critical factor. The heat wave and drought of the past summer is well remembered and blew crop forecasts far out of kilter. While long range forecasting is one of our most inexact sciences there is already a "bad" one on the record. University of Wisconsin's Reid Bryson, director of that university's Institute for Environmental Studies and a meteorology professor, sees continued drought in 1981 and over more widespread areas than the 1980 model. He predicts this one will hit the Corn Belt harder than last year's.

Vets Plan Seminar At Fort Worth

The Texas Animal Health Commission, and the Texas Agricultural Extension Service. Seminar topics will include the new Texas brucellosis regulations, disease and its treatment, and the responsibilities of the practicing veterinarian. Licensed veterinarians who plan to take part in fee-based brucellosis work must participate in the brucellosis seminars. Similar conferences are being held in other areas of the state.

Speakers for the conference include Dr. Frank Mann, president of the Texas Veterinary Medical Association, Dr. John Holcombe and Dr. J. B. Young of the Texas Animal Health Commission.

Southwestern Beefalo Members Attend Natl. Meeting in Louisville

The 1980 American Beefalo Association Convention Show and Sale is History. ABA members from all across the country were on hand to voice their opinion. Tom Martin, President of Southwestern Beefalo Association and his wife Barbara, Mr. and Mrs. Jack Campbell and Cecil Judd attended the National Meeting, November 18-19 at Louisville, Ky.

Cecil Judd is the ABA Vice-President from Oklahoma and Director of the American Beefalo Association.

The Grand Champion of the National Beefalo Show was a ¾ blood heifer bred by American Way Farms, Inc. of Richmond, Va. The heifer, American Way 329 was sired by BHB 21. The dam's sire was BHB 16. The Grand Champion was born April 21, 1979.

The reserve Grand Champion, a halfblood Beefalo heifer also bred by American Way Farms, American Way 149 was sired by BHB 15. The dam's sire was BHB 12.

The average sale price on the halfblood heifers was \$555. The average sale price on the ¾ blood heifers was \$1,079. The average on the 7/8 blood heifers was \$2,343.

The high selling halfblood heifer sold for \$2,200. The high selling ¾ blood heifer sold for \$3,000. The high selling 7/8 blood heifer sold for \$4,000. The Southwestern Beefalo Association wants to thank all of its members who attended the ABA convention, show and sale and congratulate the ABA and all of its members for another successful convention, show and sale.

Also speaking at the conference are Dr. William Biderhack of the Texas Department of Health, Dr. Sam Dunlap of the Texas Agricultural Extension Service, Rick Nabors of the State-Federal Diagnostic Laboratory, and Dr. Brian Espe and Dr. Jack Oak of the USDA.

The seminar will be held at the Convention Center Hotel beginning Sunday, Dec. 7, at 8:30 a.m. with a tour of the State-Federal Diagnostic Laboratory in Ft. Worth that afternoon.

Texas Longhorn News

L. D. Brinkman, left, of Sisterdale, Linda Rubey, daughter of Red McCombs, and M. P. "Chico" Wright of Robstown, are shown at the First Annual Red McCombs Longhorn Production Sale and Bull Futurity Sale at Johnson City, Nov. 1.

McCombs, Longhorn Futurity Sales Nov. 1 Highly Successful

Johnson City — The first annual Red McCombs Longhorn Production sale and bull futurity sale Nov. 1 were outstanding successes with 10 futurity bulls grossing \$38,100 for an average of \$3,810, and 78 lots of Red McCombs cattle grossing \$287,300 to average \$3,681.

"Tri Spots", owned by Wright Materials of Robstown, was the youngest bull in the show, but was named it's grand champion. The August, 1979 colorful full brother to the Wright

herd sire, "Texas Champ", later topped the Futurity Sale, going for \$15,000 to L. D. Brinkman of Sisterdale.

F. M. Graves consigned the Futurity reserve champion bull, "Classic Bob FM 180", purchased by Wright for \$4,100. Charlene Rogers of Calhan, Colo., consigned the fourth place bull which sold to Brinkman for \$3,200.

Auctioneer Eddie Woods sold seven specially selected "Top of the Crop" heifers safe-in-calf to "Kemoabi", the McCombs herd sire, for an average of more than \$4,042.

A three-year-old Hondo daughter bred to Duke D and her "Bullet" bull calf at side, topped the McCombs offering at \$8,500 to Alan Sparger & Son of D'Hanis. Other high selling animals included a beautiful classic heifer to John Roberts of San Antonio for \$7,800; and a granddaughter of YO Samson bred to Classic to Safari B Ranch for \$7,200. Brinkman also bought a heifer by YO Marquis 88 for \$7,500.

Two geldings bred by Eddie Woods were an added feature, selling to Dr. M. C. Overton of Fort Worth and CHH Hanra, the former Dallas Cowboy all-pro. McCombs donated a "Surprise" lot, a donkey, with the proceeds to benefit the Longhorn Youth Fund of the South Texas Longhorn Association. Jiggy Buchanan purchased the animal for \$7,000.

Thirty-three buyers included these volume buyers: J. B. Hum's Choles Acres Ranch, Gunter, Texas; Brinkman; Dr. Overton; and Roberts.

Bill Anthony New President of Texas Longhorn Assn.

The Texas Longhorn Breeders Association of America elected officers for the 1980 - 1981 year at its annual convention held in October in Arlington, Texas.

Bill Anthony of Ardmore, Okla. is the new president of the Texas Longhorn Breeders Association, succeeding John Ball, Jr. of Arlington, Texas. Anthony had previously served the Association as vice-president.

L. V. Baker of Elk City, Okla. is the newly-elected vice-president and W. D. Clark of Nacogdoches, Texas is the treasurer.

The executive committee for the 1980 - 1981 year include Anthony, Baker, Clark, Frank Doherty of Fort Scott, Kan., Ken Humphrey of O'Kreek, S.D., and Alan Sparger, Jr. of D'Hanis, Texas.

Also elected at the convention were the following directors who will serve through 1983: Jack Montgomery of

Charles Schroiner, III, center, owner of the Y.O. Ranch at Mountain Home presents a specially commissioned Nolan knife to Dr. and Mrs. L.V. Baker of Elk City, Okla., who purchased the champion heifer calf in the Y.O. Ranch's Longhorn Production Sale Oct. 31. The production sale was one of the events marking the Centennial Year, 1980, of the Y.O. Ranch. Other activities include the annual Trail Drive Reunion and a black tie-dinner gala in April featuring exotic food and entertainment for 3,600 persons.

Yuma, Colo.: M. P. Wright of Robstown, Texas; Frank Doherty of Fort Scott, Kan.; Red McCombs of San Antonio, Texas; and C. R. Johnson of King City, Calif. Jean Wickland of Castle Rock, Colo. was elected to fill a directorship vacated by W. D. Clark's election to the position of treasurer.

Texas Longhorn Breeders Association directors whose terms expire in 1981 are Charles W. Hallan, Jr. of Hebronville, Texas; Owen McGill of Wheatland, Wyo.; Larry Smith of Crowley, Texas; and Mahlon B. Wallace of St. Louis, Mo.

Directors whose terms run through 1981 are Darol Dickinson of Calhan, Colo.; Ken Humphrey of O'Kreek, S.D.; T. D. Kelsey of Ramah, Colo.; Earl McConnell of Paulina, Ore.; and Alan Sparger, Jr. of D'Hanis, Texas.

The Texas Longhorn Breeders Association of America is the official breed registry for Texas Longhorn cattle, dedicating itself to increasing public awareness of the distinct qualities of the Texas Longhorn, to preserving the purity of the breed and to encouraging others to develop and maintain herds of registered Texas Longhorns.

Research projects to provide factual data on specific breed qualities are being conducted by the Association in conjunction with college and universities across the country. Membership in the Association has grown rapidly in the past three years indicating that the cattle industry has recognized the merits and inherent attributes of Texas Longhorn cattle. There are presently active breeders in 42 states and in two foreign countries.

TLBAA Gets First Building Fund Donations

The Texas Longhorn Breeders of America Association got the first donations to its building fund to construct a new national headquarters building in the Moore's First Annual Longhorn Production Sale held at Dodge City, Kan. recently.

Dick Robbins, Pratt, Kan., donated entire proceeds of the sale and re-sale of the heifer to the building fund. "Anchor D Building Fund," the heifer, sold first to Odell and Goldie Pugh of Texas, Texas, for \$2,000. They donated the heifer back and she sold to Frank Doherty of Fort Scott, Kan., for \$1,900. They in turn donated it back, and she was then purchased by Ray and Mildred Baby of Davey, Neb., for \$1,500.

Finally, after being donated back again, Odell Pugh bought her back to keep.

Auctioneer Eddie Woods donated his services and Ray and Bernice Moore forfeited all sales costs, leaving the entire \$7,000 to go to the TLBAA Building Fund.

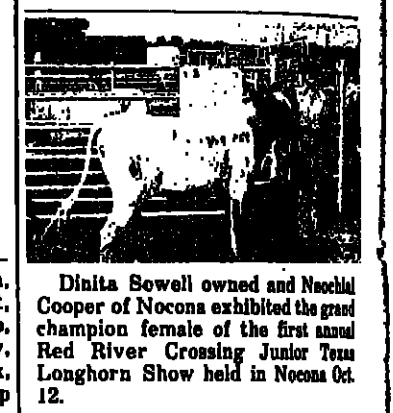

Ark-La-Tex Longhorn Association Formed

Bill Clark of Nacogdoches, Texas, has announced that the Ark-La-Tex Texas Longhorn Breeders Association was organized Oct. 25.

Dr. Harmon Knight of Pasadena,

G. J. and Joy Frantz of Perryton, Texas, were pictured at Moore's Longhorn production sale at Dodge City, Kan., where they were buyers.

Dinita Sewell owned and Noelchi Cooper of Nocona exhibited the grand champion female of the first annual Red River Crossing Junior Texas Longhorn Show held in Nocona Oct. 12.

Nocona, Texas — About 26 head of Longhorn cattle ranging from three months to two years of age were shown in the first annual Red River Crossing Junior Texas Longhorn Show held Oct. 12, sponsored by banks and merchants from St. Jo, Bowie and Nocona.

Judge Bob Estes of Burd, well-known rodeo producer, Texas Longhorn breeder, and member of the board of directors of the Cowboy Hall of Fame, selected as champion bull one shown by Monte Sewell of Nocona; and the champion heifer one owned by Dinita Sewell and shown by Noelchi Cooper of Nocona.

Class winners included: 0 to 6 months heifers: T. O. Rangerette owned by Melinda Henry and shown by Pat Mannon of Mineral Wells; 7-12 months heifers: Sewell's WB Sassy owned and shown by Dinita Sewell; 13-18 months heifers: Sewell's Snoopy owned by Dinita Sewell and shown by Monte Sewell and 19-24 months heifers, Sewell's Giveaway, owned by Dinita Sewell and shown by Noelchi Cooper. Sewell's Giveaway was grand champion heifer and T. O. Rangerette was reserve champion heifer.

The 0-6 months bull class was won by Monte Sewell; 7-12 months bull by Twin Oaks Keystone, owned and shown by Melinda Henry; 13-18 months bull, Don Quixote Jr., owned by Melinda Henry and shown by Melinda Henry; and 19-24 months bull, Spear E Sittling Bull, owned and shown by Monte Sewell. Spear E Sittling Bull was grand champion bull and Don Quixote Jr. reserve champion bull.

Gayle Sullivan of Marfa was crowned Junior Texas Longhorn Queen; and Craig Beasley of Mineral Wells was all-around showman.

Texas, is president; Sammy Marshall of Trinity, Texas is vice president; and Larry Griggs of Newton, La. is secretary-treasurer.

Directors are Don Butts of Harrison, Ark.; Bill Clark; Jeter Dean, Ala. Texas; Dewitt Marshall, Trinity, Neb.; Miller and Henry Subist, both of St. Augustine, Texas.

The new association started with 200 members.
